

Important Announcements

1. Our next Coffee with the Administrators meeting will be Thursday, February 2, 2012. We are excited to announce our partnership and involvement with the Hammond Initiative Project. During this meeting, members of this group will present various resources and services they will offer to the students, parents, teachers and other community stakeholders within the George Rogers Clark community. There will be important information regarding these resources and services for all to hear. The administrative team at George Rogers Clark encourages each and every parent/guardian to attend this important meeting. Again, this meeting will be held on Thursday, February 2, 2012 at 6:00pm. Please mark your calendars and we will be sure to see you there.
2. Next, winter has arrived! On nights and mornings where the weather is not favorable and the possibility of school delays or cancelation exists please **do not** call the school. We need for you to do one of the following:
 - Check the School City's web site at www.hammond.k12.in.us,
 - Listen to the following radio station(s)
 - Indiana 105-105.5 FM
 - WJOB -1230 AM
 - Watch the following News stations
 - WBBM-2, NBC-5, WLS-7, WGN-9 or Lakeshore Public television-56Again, please do not call the school as we need to keep all lines open so that we get direction from our central office in a timely manner. Additionally, do not call any of the above television or radio stations..if we have a delay or cancelation we will contact them and they will broadcast the message.
3. Parents we need you to visit our Middle school or High school website and complete a short survey.
4. Finally, we need your help. We still have a large number of students arriving to school late. This cannot be overlooked as this is one of the criteria schools are rated on. Additionally, students must maintain a 95% attendance rate to qualify for adequate attendance. In some cases anything less than this rate can eliminate your student's eligibility to move to the next grade or even graduate. As we struggle to meet these state standards we have been and will continue to contact the student's parents and make required referrals to the Lake County Juvenile Court based on truancy. Please see to it that your student is here on time.
