

Clark Soccer

Special points of interest:

- We are Pioneers
- Practice like a champion
- Accomplishments
- Our future

We Are Pioneers!

The philosophy of the Hammond Clark Pioneers is solely focused on developing young players to the best of their abilities. We hunger student athletes to continue to a post secondary education and to use soccer as a stepping stone to obtain that goal and help them become productive members of society.

We teach student athletes how to value victory, character, and performance. Due to the many hours spent together, this team is constantly compared to a family; sharing blood, sweat, and tears together. Because of this. Every member on the team expect and are expected to be treated

Practice like a Champion

Soccer for us Pioneers is a year round program. During the off season, It is our responsibility to maintain conditioned for the upcoming season. However, when the pre season begins, we work harder then ever. Practices are not choices, they are MANDATORY! No player should expect to play unless they attend each scheduled practice .Players must always reflect respect for all authority figures, including coaches, trainers, referees,

administrators, and, above all, parents. Each player must bring a ball, shin guards, water, and a serious attitude to learn and train hard to each and every practice. They must realize that that this is not recreational soccer. Our training is the highest level of elite and developmental training.

Accomplishments

The year of 2010 has changed Clark soccer in such a tremendous way. 55 student athletes came to try out and 70 signed up for next year already. We have not only made it to the Conference Championship four times, in the last four years, but have won it every single time as well. We had 2 All Academic Conference Nominations (Victor Camarena and Fernando Rosales). Throughout the season, we were invited to the Victory Christian tournament where we took 1st Place, and 2 of our players made the Victory Christian all tourney team (Juan Marquez and Alex Maciel). Last but not least, this is the first time that any players from Clark or any other Hammond school have ever been selected to join the Indiana 3A West Boy's soccer all star team in Indianapolis (Victor Garcia and Cristian Canelo).

Our Future

With all this being said, We believe that our program is on the right track for the future. We do this not just to make great athletes, or great student athletes but great human beings, and productive members of society. Hopefully next in the process of becoming great human beings we can win a sectional, regional, semi-state, and state title. We hope to see all of you out there next season supporting your pioneer nation and demonstrating that Pioneer Pride.

ONE TEAM ONE FAMILY
