

GRC Softball

Got what it takes?

It is about love for the game!!! If you want to be good at it you have to put your heart into it. You should have a positive attitude. If you have negative attitude it brings down the whole team. I've learned in my years of playing that you can't get frustrated no matter what. If you show frustration then the other team will try to get in your head 'til you can't focus on the game. Like my coach always says, "The game is 90% mental."

It's not how good you are, It's how bad you want it.

Never let the fear of striking out keep you from playing the game.

My thoughts on the season are we did good during every game. We have a young team. All of the people we had last year are coming back this year. We are getting better with everyday that passes. I hope to win sectionals this year. It will definitely be a good season.
